

Notre-Dame de Nazareth high school is a Catholic institution of vocational and technological education. It carries out a public service mission in the areas of Hospitality, Health and Social Matters, and is committed to ensuring the training of tomorrow's citizens, respectful of the truth and driven by a taste for responsibility.

OUR PARTNERS

A-PROTECT
LE VÊTEMENT PRO À VOTRE IMAGE

The school prepares young people to enter the world of work through a pedagogy of action: visits to companies, periods of training in a professional environment, meetings of professionals and decision-makers, development of partnerships, awareness of the creation of companies, etc.

OUR COURSES

Notre-Dame de Nazareth trains and prepares students to catering trades and for the jobs in hotels and restaurants through different courses. From A Level 1 (CAP Cuisine Restaurant) to the National Higher Diploma (BTS Hôtellerie Restauration)

Two restaurants, "L'Avenue" (application restaurant) and "Le Nacre" (educational restaurant) welcome students and customers in real situation. With a capacity of 60 seats, L'Avenue welcomes you from Monday to Wednesday during the school period from 12:30 to 14:00, as well as Tuesday and Thursday evening at 19:00. Located in Normandy and at the edge of the Côte de Nacre, next to the WW2 D-Day beaches, we propose you to discover culinary themes related to the terroir and more exotic flavors, opening a taste panel rich in emotion

There is also an application hotel with 3 rooms: 1, 2 and 3 stars, corresponding to hotel standards, which allows students attending the vocational courses to acquire the techniques of maintenance and refurbishment of rooms according to the needs of the profession.

Exchange programme

Our high school has a partnership with ProTandem, an agency that organizes Franco-German exchanges of young people and adults in initial and continuing vocational training with the aim of strengthening Franco-German cooperation and discovering the profession in a different socio-cultural environment. Our partner high school is located in Ludwigshafen, a German city located in the state of Rhineland-Palatinate.

OUR WORK PLACEMENTS PROGRAMME

Our students acquire professional competences and skills through compulsory work placements and training periods.

Our school works with a network of professionals in hotels and restaurants in Normandy and throughout France.
